

COVID-19 Coronavirus

Coverage Updates from Florida Blue

Florida Blue is waiving the member cost share for testing, diagnosis, and treatment of COVID-19.

Testing^{*}

- ✓ Florida Blue waives all member cost share affiliated with the molecular testing (nasal swabbing) and treatment of COVID-19. This includes the office visit fee.
- ✓ Florida Blue will cover FDA/Emergency Use Authorization serology (antibody) tests at \$0 cost share when the following criteria are met:
 - serology tests are ordered by a licensed health care provider
 - the ordering provider has first performed an individual clinical assessment of the member
 - the ordering provider clearly documents in the medical record the reason for the serology test and how the results will impact clinical decision-making.

Diagnosis

- ✓ Personalized support from the Florida Blue Care Team will be provided at no additional cost to all members who are hospitalized for treatment of COVID-19.

Treatment

- ✓ Florida Blue will be waiving cost share for the treatment of those with a positive COVID-19 diagnosis, including in-patient and observation hospital admissions.
- ✓ Florida Blue will be waiving prior authorization requirements for patients diagnosed with COVID-19 who need to be transferred from inpatient hospital settings to post-acute care facilities.

Florida Blue

*No payment is required if testing site is in-network with Florida Blue. Employees covered under the MCPS health insurance can contact Angela Hooper at (352) 622-9124 if they were charged a fee for testing.
